

Korean Language Classes for Kids: Spring 2010

Back by popular demand, the KCCA is pleased to offer a Spring session of language classes for children ages 3 and up and their parents. Whether you are new to the language classes or attended previous sessions, all are welcome and will benefit from the classes.

Previous classes have been a great success. Children and parents have learned simple words/phrases in Korean that have been reinforced through Korean songs, crafts and games so children have fun while they learn. See for yourself how much fun the kids had performing songs they learned. Just click on the following link:
