The Children's Bridge is an experienced, non-profit adoption agency that has facilitated more than 3000 adoptions over the past several years.

We provide step-by-step assistance in adopting your child, both in Canada and overseas. Many pre and post adoption services are also provided by The Children's Bridge including cultural activities, playgroups, annual picnics and adoption education seminars. We also have hundreds of experienced families who readily offer support and advice.

Please join us for our “How to Adopt” seminar on June 11th and learn about the adoption process from start to finish. We'll present information on: steps in the process, home study, costs, time frames, health and ages of the children, pre and post adoption information and support and you will see a short video of one family's adoption journey.

The presentation will include an overview of the home study process by an approved Adoption Practitioner as well as the opportunity for you to meet with families (including their beautiful children!) who have completed their adoptions and who would love to share their stories with you.
